# How to Create METAMASK

1. First, you must install Chrome, one of the popular web browsers, and then access the Chrome Web Store via the link.

Chrome Web Store: MetaMask

<https://chrome.google.com/webstore/detail/metamask/nkbihfbeogaeaoehlefnkodbefgpgknn?hl=en>

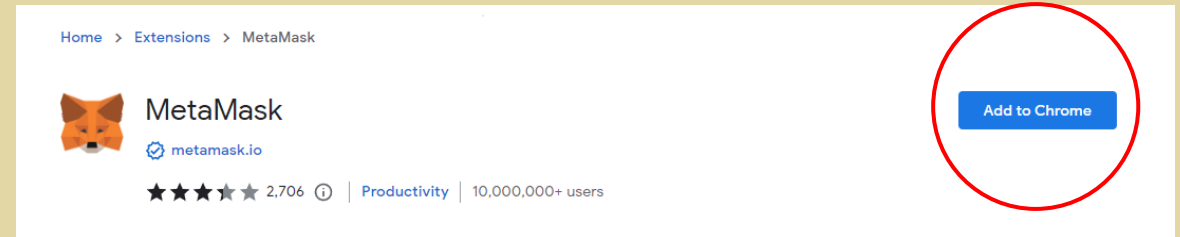

What if Chrome isn't installed yet?

Chrome is a web browser developed by Google and is the same as Internet Explorer. Please install via the link below.

Install Chrome

[https://www.google.com/intl/ko\\_kr/chrome/](https://www.google.com/intl/ko_kr/chrome/)

2. After checking the MetaMask with the "fox" logo, click 'Add to Chrome'

▲ When you click 'Add to Chrome', a pop-up appears, And you should click the 'Add extension' button.

3. Click 'Get started' when a new tap is opened with a welcome message for MetaMask.

Welcome to MetaMask

Connecting you to Ethereum and the Decentralized Web.

We're happy to see you.

Get Started

4. Click 'No thanks' to reject data collection, or 'I Agree' to allow it.

## Help us improve MetaMask

MetaMask would like to gather usage data to better understand how our users interact with the extension. This data will be used to continually improve the usability and user experience of our product and the Ethereum ecosystem.

MetaMask will..

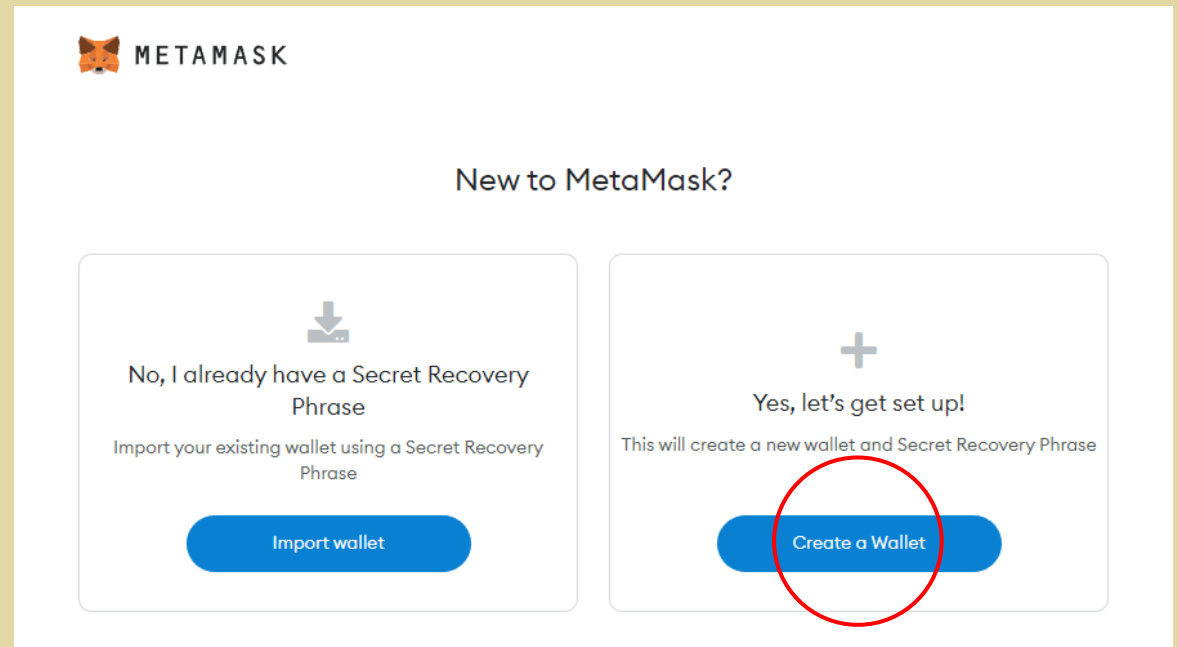

- ✓ Always allow you to opt-out via Settings
- ✓ Send anonymized click & pageview events
- ✗ **Never** collect keys, addresses, transactions, balances, hashes, or any personal information
- ✗ **Never** collect your full IP address
- ✗ **Never** sell data for profit. Ever!

No Thanks

I Agree

This data is aggregated and is therefore anonymous for the purposes of General Data Protection Regulation (EU) 2016/679. For more information in relation to our privacy practices, please see our [Privacy Policy here](#).

5. Click the 'Create a Wallet' button.

6. Enter the password you want to use. After clicking the 'Agree' button, click the 'Create' button.

New password (8 characters min)

Confirm password

I have read and agree to the [Terms of Use](#)

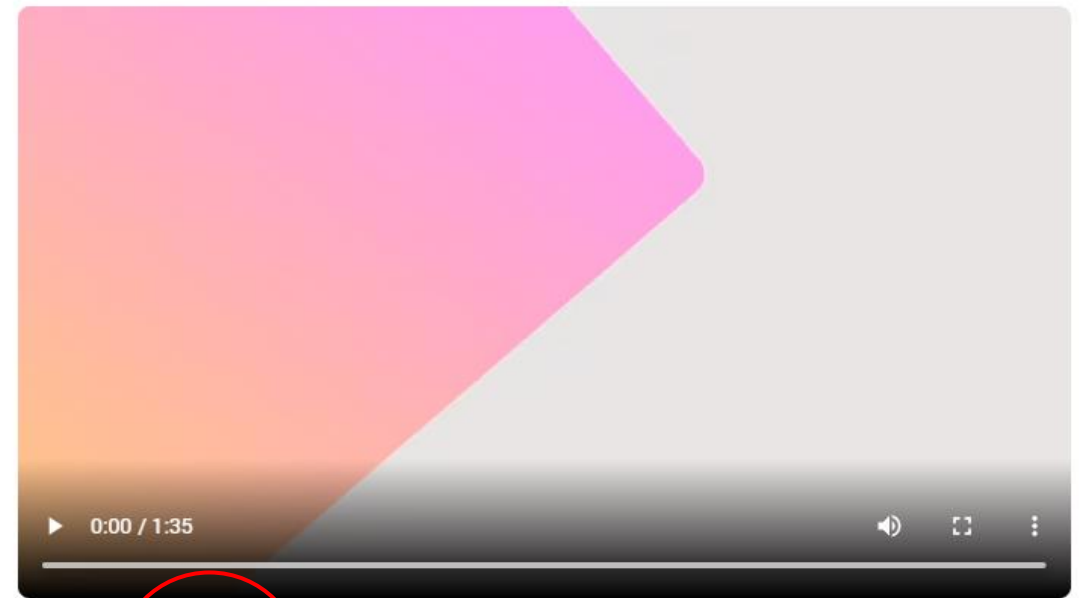

Create

7. After carefully watching the video on the secret recovery phrase and how to store your wallet, click the 'Next' button.

## Secure your wallet

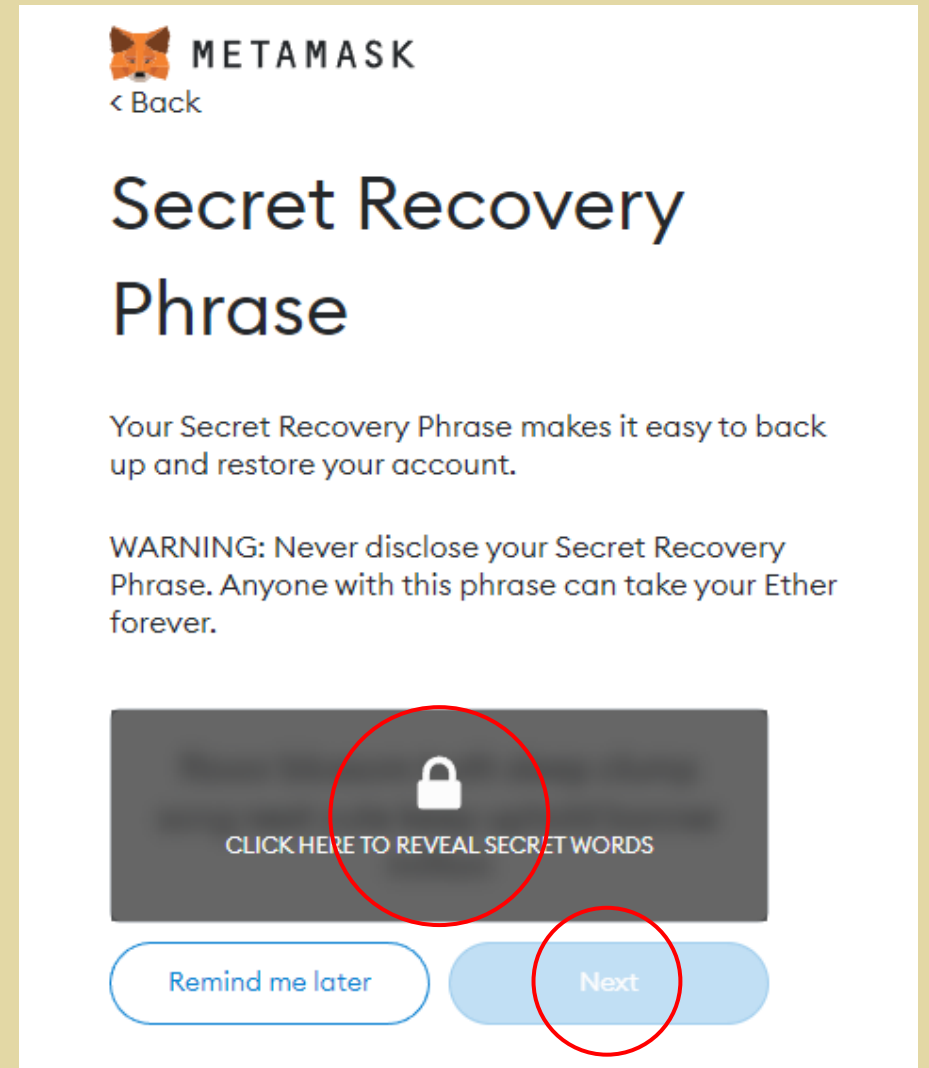

Before getting started, watch this short video to learn about your Secret Recovery Phrase and how to keep your wallet safe.

Next

8. Click the 'lock icon' to check the secret recovery phrase, then copy it and store it in several places. After that, click the 'Next' button.

▶ **If you lose your phrase, no one can help to access the account; make sure to store it in various places and be careful not to lose it.**

▶ Usually, the secret recovery phrase is not recorded on the computer or on the Internet but is kept in a separate notepad.

9. Put your Secret Recovery Phrase in order and Click the 'Confirm' button.

< Back

## Confirm your Secret Recovery Phrase

Please select each phrase in order to make sure it is correct.

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Confirm

10. Click the 'All done' button.

## Congratulations

You passed the test - keep your Secret Recovery Phrase safe, it's your responsibility!

### Tips on storing it safely

- Save a backup in multiple places.
- Never share the phrase with anyone.
- Be careful of phishing! MetaMask will never spontaneously ask for your Secret Recovery Phrase.
- If you need to back up your Secret Recovery Phrase again, you can find it in Settings -> Security.
- If you ever have questions or see something fishy, contact our support [here](#).

\*MetaMask cannot recover your Secret Recovery Phrase. [Learn more](#).

All Done

11. MetaMask wallet creation is completed. NFT transactions based on cryptocurrency and Ethereum blockchain are possible!
